

Yorker Ribbon Applicators are a brilliant triple play. They seal tightly. They dispense a neat, 5/16" ribbon of product. And they self-clean to assure smooth product flow for the next use. Of course, some products are better dispensed in a squirt or a simple pour, so Yorker Closures also offers spout caps, continuous thread closures, and custom-engineered closures, all made with the same outstanding precision and consistency as our ribbon applicators. Since 1948, closures by Yorker have been the industry's top choice.

Yorker Closures are the popular choice for many top brands worldwide:

- Franklin International
- Plaid Enterprises
- Color Rite
- Penzoil
- Quaker State
- Slick 50 Products
- Mel Olson Honey
- Parker Labs
- Conroy Foods
- Dow Corning
- Turtle Wax
- Universal Beauty
- Safeguard Chemical
- Cosmair

Liners and Gaskets

Yorker liners and gaskets work with all Ribbon Applicator sizes and are available upon request.

For users of Titebond glue, the Yorker Push-Pull Ribbon Applicator has done away with messy, makeshift glue applicators. No wonder Popular Woodworking Magazine cited Titebond's Yorker-designed push-pull ribbon applicator as **"One of Twelve Best New Products"** for 1999. When your product flows through a Yorker Ribbon Applicator, it may generate rave reviews, too.
